

## Entrepreneurially Into the World of Business, Slovenia (Inclusive Business Creation: Good Practice Compendium)

This case study presents a project that supports youth in business creation. It presents the project's objectives and rationale, and describes its activities, including entrepreneurship training, coaching and mentoring, business counselling and an allowance. Data on the impact are also presented. The case study also discusses the challenges faced in designing and delivering this project and the conditions needed to transfer it to another context.
