

Launching Pads for Employment and Entrepreneurship, Spain (Inclusive Business Creation: Good Practice Compendium)

This case study presents an example of business development support for unemployed people who seek to create their own jobs through business creation. The description covers the objectives and rationale of this project and describes how it works. Data on the initial results are presented to show the project's impact. Discussion also covers the challenges faced in delivering this support and the conditions needed to transfer this approach to another context.
