

## Indonesia (SMEs, Entrepreneurship and Innovation)

Access to financing is a problem faced by entrepreneurs of micro, small, and medium-sized enterprises (MSMEs) in Indonesia. The national policy to address this problem is to provide direct financial support to entrepreneurs and start-up SMEs. Two developments are worth noting: state-owned enterprises' (SOEs) obligation to support SMEs, and a revolving fund programme (Iptekda) for empowering new entrepreneurs and start-up SMEs.
