

## Mature Entrepreneur, Poland (Inclusive Business Creation: Good Practice Compendium)

This case study presents a local project that supported people between the ages of 50 and 64 in business creation by providing training, coaching and mentoring and grants. The description presents the objectives and rationale for the project, and explains how it worked. Data on the impact are included as well. The description also discusses the challenges that project managers faced and the conditions for transferring this type of project to another context.
