

Australia (SMEs, Entrepreneurship and Innovation)

AusIndustry is the Australian government's principal business programme delivery division in its Department of Innovation, Industry, Science and Research. AusIndustry administers and delivers a range of over 30 business support programmes -involving innovation grants, tax and duty concessions, small business development, industry support and venture capital- worth AUD 2 billion to more than 12 000 businesses and about 85 000 individuals every year.
