

## Luxembourg (The Call for Innovative and Open Government: An Overview of Country Initiatives)

In its inaugural speech of 29 July 2009, the Luxembourg government stated that it would continue to modernise the central government during the 2009-14 period through a series of reforms aimed at improving quality, effectiveness and transparency. On this basis, a framework for action was prepared comprised of a series of measures to reform service delivery and improve the quality of public services, in particular in the field of egovernment, administrative reform and administrative simplification.
