

## The Dutch domestic and trade-related agricultural policy (Innovation, Agricultural Productivity and Sustainability in the Netherlands)

This chapter provides an overview of the framework for agricultural policies, which is the Common Agricultural Policy (CAP), the main instruments and options at the EU level, the recent CAP reform for 2014-20, and its implementation in the Netherlands. It also refers to the provision of general services supported by the government. It finally discusses policy impact on innovation for productivity and sustainability.
