

## Thailand (Financing SMEs and Entrepreneurs 2016: An OECD Scoreboard)

There were 2.7 million SMEs (firms with less than 200 employees) in Thailand in 2012, constituting 99.7% of all enterprises and employing 78% of the labour force, including agriculture. Most banks do not use the national SME definition. Instead, they use the loan size as a proxy, and definitions vary across banks.
